

NOVEMBER NEWSLETTER

Each month, we will learn a new Bible Verse and your children will watch themselves “climb the mountain” on our bulletin board as they can say them from memory! This month’s verse is “Give thanks to God for everything.” Ephesians 5:20

Website Update

Vbcmacon.org/morning-school has had a facelift! We’ve added the monthly calendars, these newsletters, special events info, camp registration forms, and even a photo gallery!!

What do you think?!?

2K Circle Time Focus

Miss Parker’s class is working on: red, blue, and yellow, circle, square, and triangle, counting and saying our

alphabet. We’ve added a few more tactile elements to the room now to give new opportunities for touch, fun, and problem solving. The kids have gotten really good at sitting still for stories, too!

3K Circle Time Focus

This month, Mrs. Roslyn’s class is talking about red, blue, orange, green, circle, square, triangle, octagon, and the letters A-L. We are continuing with the days of the week, months, and seasons. Music class is really coming along well, too! We hope to play the bells for everyone soon!

4K Circle Time Focus

Our 4 and 5 year olds have a busy November! We’ll begin using nursery rhymes to teach our letters, sight words, and math skills. There will be some fun experiments with water and then we will focus on different things we see, touch, or smell in the lab. We are still working on “calming ourselves” and we will move into self-discipline and impulse control. Reading to your children daily is a HUGE blessing, even if it’s just 10-15 minutes!

In the Innovation Lab: Our Chromebook has finally arrived! We will be starting to use this slowly during lab time, one child at a time. I will be sending home more information about how you can use a computer or tablet at home to play educational games when allowed.
